R. & W. SPENCER, BRIDGE WHARF CITY ROAD.

FOR GRANITE MATERIAL of every description
WILLIAM SIM, INVERKEITHING, N.B.

BATH STONE OF BEST QUALITY.
RANDELL and SAUNDERS, QUARRYMEN and STONE MERCHANTS, BATH.
List of prices of the quarries can now be transmit to any part of the kingdom, free, on application.

MARKET WHARF, REGENTS-PARK BASIN.—MARTIN and WARD inform the architects of Builders, Masons, and others, of the stock of Portland, York, and Bramley Fall Stone, from Lama Cement, Plaster, Bricks, Tiles, Laths, Pipes, Pots, Trass, &c., and of the lowest possible prices for cash. Portland Headings and Ledgers, Steps, Landings, &c., cut to order in the shortest notice. Tarpaulins for on hire. A large assortment of Scotch and Irish Oats, Beans, and Chaff, always on hand. Horses and Carts for sale. Prompt attention paid to country orders.

BATH STONE.—RANDELL and SAUNDERS, Quarrymen, Bath, have appointed MARTIN and WARD their only agents in London, M. and W. have to inform Architects, Masons, Builders, &c. that a large assortment of the much approved CORSHAM DOWN and other BATH STONE will always be kept at the Depot, opposite the Great Western Railway Station, Paddington, orders will also be received at Market Wharf, Regent's-park Basin.

BRAMLEY FALL STONE.—Consumers of Stone are requested to peruse the large and extensive stock now in VIEW at the Depot, Devon Harbour Wharf, Rotherhithe, London. For prices, &c., apply at the Depot, or to CLARK, Sole Agent. Barges shipped direct to all parts of the Thames.

BRAMLEY FALL STONE.—Railway Contractors, Stone Merchants, and others, are respectfully informed that the above can now be supplied very expeditiously. A large and well assorted stock of Bramley Fall Stone now in the depôt at works of the great Eastern, and in course of the ensuing week, a further supply of the same, and of the other celebrated stones of this neighbourhood, will be shipped to all parts.—For prices, &c. apply to MATTHEW CLARK, Bramley Stone Depôt, Devon Harbour Wharf, Rotherhithe, London.

BRAMLEY FALL STONE FROM THE ORIGINAL QUARRIES IN YORKSHIRE

JOSEPH WINN begs to inform Engineers, Architects, Contractors, and others that he is the only person of the Bramley Fall Stone, which is so well known for its hardness and durability, can only be applied to Paving, Kerbs, and Landings, and may be obtained in any quantity on the most reasonable terms. Architects would find this stone a most desirable one for Steps, Landings, &c., especially in the Country, where Portland Stone cannot be procured, and where Bath Stone is too soft. Bramley Fall Stone, when finished, is much stronger than Bath Stone, and will withstand the effects of the weather for many years. Bramley Fall Stone is now being used for the Steps, Landings, &c., at the Great Eastern Railway Station, Bishopsgate, and at the Great Western Railway Station, Paddington, orders will also be received at Market Wharf, Regent's-park Basin.

To ENGINEERS, SURVEYORS, STREET AND ROAD CONTRACTORS, PAVIORS, AND BUILDERS.

THE CRAIGLWYD QUARRY COMPANY are now prepared to supply any quantity of square sets of any size, smooth-faced Channel Stones, Kerbs and Building Stones from the Quarries, Penmaenmawr near Conway, into Trucks at their Siding on the Chester and Holyhead Railway, free in transit thereto at the shipping place or delivered at any safe port in the Company's vessels at most reasonable prices. This material has been used for many years in Liverpool, Manchester, Chester, Birkenhead, and other large Towns, in Paving the Streets with the best results, the rough Stones, when broken, remaining. It has been tested in all situations, and found superior to Granite, from its much greater durability, the latter having been laid down in streets of great traffic upwards of 15 years, with scarcely any perceptible wear. It has been extensively used in Welling and Archus Tunnels by order of the Hon. Board, and much approved by the Engineers. For prices and further particulars, apply to RAINES, LEWIS, & CO., Liverpool.

STIRLING'S BELVEDERE SLATE WORKS, Belvedere-road, Lambeth.—A reduced list of prices of the best WELSH SLABS, planed both faces, will be sent on application post paid. Terms made on liberal and peculiar advantage. The prices are under those advertised for inferior slates.

THE PIMLICO SLATE WORKS.—Patronised by the Royalty, the Heads of the Nobility, the Army, Architects & Engineers, Builders, Railway Contractors, and the Public generally.—MAGNES'S ENAMELLED SLATE (now rebuilding the old mansions and tenements of his patent that are attempted continues to grow in favour with the public, being handsomer, more durable, and very much cheaper than marble.—Price lists sent to any part of the kingdom gratis, and a card addressing will produce free an exemplar to any trades chasing. Chimney Pieces, Lavatory and Larder Shelves, Wine Cellar Fittings, Grates, and every variety of plain Slate Work, at prices that defy competition. 6 and 8, Upper Belgrave-place.

TO BUILDERS, MASONS AND CONTRACTORS.

OBSERVE! the CHEAPEST DEPOT in England for MARBLE CHIMNEY PIECES, &c. of superior quality is the WESTMINSTER MARBLE COMPANY'S PATENT WORKS, Eaton-street, Hyde-street, Millbank.—Consumers attended to, and a large assortment always in stock.

Prize Medal ARTICLES framed for SCULPTURED GOTHIC CHIMNEY-PIECES.
MEMORIAL CROSSES, MONUMENTS, TOMBS, HEADSTONES, &c.
The Public are respectfully invited to view the carefully selected and manufactured stock by improved machinery of Veined Marbles, at much below the usual rates.
FANCIES for [illegible]—MARBLE SLATE SHELVES—MINTS for [illegible]—White or Blue and White Porcelain Tiles in great variety, for paving.
A Good Workman wanted for CHIMNEY-PIECE FOR [illegible]
N.B. The Rent [illegible] the above Premises [illegible] the short [illegible] Bank.

TO MASONS.
REDUCED PRICE of MARBLE SLAB.—The LONDON MARBLE AND STONE WORKING COMPANY continue to sell Slabs of superior quality and well worked, at their Manufactory, ESTREET-PLACE, near Millbank, Westminster, at the following reduced prices, viz.:—
1 inch, at 1s. 3d. per foot.
1½ inch, at 1s. 6d. "

TO ARCHITECTS, BUILDERS, &c.
ALL descriptions of TERRA COTTA, CEMENT, and PLASTER CASTINGS executed in a first-rate manner, on reasonable terms, by J. HERBERT and SON, Modellers &c., 45, Parker-street, Drury-lane. A splendid assortment of Corinthian, Ionic, and other Capitals; Centre Flowers, Balusters, Trusses, &c.; Elizabethan and other Chimney Shafts.

PARKER'S CEMENT, TARRAS, CASTING CEMENT, MASTIC, and PLASTER OF PARIS, manufactured by J. M. BLASHFIELD, Millwall, Poplar, and sold at his wharves, Paddington Basin and Commercial-road, Lambeth.—Also CEMENT and TERRA COTTA CHIMNEY-POTS and SHAFTS, Balusters, Trusses, &c.; Stucco Stone and Red Ware Drain-pipes and Closet-pans; Bricks, Lime, and Hair; Building and Paving Tiles, &c. &c.—Office, No. 5, New London-street, Bush-lane, City.

PORTLAND CEMENT of superior colour and hydraulic properties.
SELF-BURNING KENTISH STOCK BRICKS.
BLAZED PIPES AND FIRE GOODS
FREEMAN and RICHARDSON, 6, South Wharf, Paddington.

PORTLAND CEMENT, solely MANUFACTURED by WILLIAM ASPDIN, Son of the Patentee, "Messrs. ROBINS, ASPDIN, and Co. request reference to Nos. 2016, 2099, 2100; and also Nos. 2098 and 2101, pages 105 and 107, of "The Builder," for accounts of EXPERIMENTS on the strength of Portland Cements, whereby the great superiority of their Cement is manifest. This Cement has been proved for upwards of twenty years in the Thames Tunnel to resist the action of water; it is stronger in its cementitious qualities, harder, and more durable than any other description of Cement; it does not crumble, crystalize, or turn green; nor is it affected by any atmospheric influence whatever the climate, resisting alike the action of frost and heat. It is manufactured to set to from five to sixty minutes. For all purposes that Cement to apply the Proprietors challenge competition.—Orders received by Messrs. ROBINS, ASPDIN, and Company, at their Manufactory, Northfleet, Kent, and their Wharf, Great Scotland-yard, Whitehall; also at their Depôt, at Hanover-street, Liverpool.

PORTLAND CEMENT, as manufactured by J. B. WHITE and SONS, possesses all the properties of the best Roman Cement, but has the advantage over that material of wholly resisting frost. When used as a stucco it does not crystalize or turn green in damp situations, and requires no colouring. Employed as an hydraulic mortar for brickwork, it carries five to five measures of sand to one of cement, and is proved by trial to become harder and stronger in these proportions than Roman Cement with but one measure of sand. This superior concreting power, combined with its eminently hydraulic properties, point it out as the fittest material for building sea and embankment walls, the basins of reservoirs, cisterns, and baths, and for all those purposes where strength and a perfect resistance to water are required.
Manufactory—J. B. WHITE and SONS, Millbank-street, Westminster, and 36, Rood-street, Liverpool.

ATKINSON'S CEMENT.—This Cement has hitherto been manufactured in Yorkshire, and, through land detention at sea, has often proved stale and unfit for use on its arrival in London. By the arrangement now made, the Cement will be manufactured in London, and thus presented to consumers in a fresh and genuine state, by the sole Agents, J. B. WHITE and SONS, Millbank-street, Westminster.

KEENE'S and PARIAN CEMENTS, for internal stucco, are employed very advantageously in place of wood for skirtings, architraves, and panel mouldings, and for in-door flooring, instead of stone. The peculiar properties of PARIAN Cement allow of its being painted or papered upon within a few hours of its application, and thus render it an important substitute for common plastering in those cases where expedition and beauty of finish are essential.—J. B. WHITE and SONS, Millbank-street, Westminster. Patentees of KEENE'S Cement, Licensees of PARIAN Cement.

MARTIN'S PATENT
FIRE-PROOF AND ORNAMENTAL CEMENT.
APPLICABLE FOR
ALL INTERNAL PURPOSES WHERE PLASTERING IS REQUIRED.

This invaluable Cement has now been before the public so many years, and obtained so high a standing in the estimation of all who have used it, that it is unnecessary to comment on its merits. Messrs. STEVENS and SON, however, feel called upon to observe, that, from the greater extent of surface which a given quantity of MARTIN'S will cover, as compared with other Cements for internal use, there will be found a gain of 10 per cent. in material, full 7 per cent. less in price, with an additional saving in labour of 10 per cent., by its allowing about forty minutes for working, being less than one-tenth of the time of other cements of a similar nature, therefore worked with greater facility, and the enormous saving of full THIRTY-THREE PER CENT.; its advantages therefore cannot admit of doubt. Specimens, showing its beauty, hardness, and applicability to all plain and ornamental purposes, may be seen; and the Cement, in any quantity, obtained of Messrs. STEVENS and SON, at their Plaster and Cement Works, 191, Drury-lane, London.—Manufactory, Derwent Mill, Derby.
N.B. This Cement will receive paint or paper in a few hours after the completion of the work by the plasterers.

JOHN'S and CO.'S
PATENT PERMANENT STUCCO WASH,
WITHOUT SIZE OR OTHER CORRUPTIBLE INGREDIENT.

JOHNS and CO. having effected some important improvements in the manufacture of this very useful material, confidently offer it to the notice of the Trade and the Public generally, as possessing every advantage over the common Lime Wash or Water Colour for STUCCO or BRICK WORK. It is a Stone Colour, but may be tinted to any other.—DOES NOT WASH OFF—is perfectly dry in twenty-four hours, and, being a non-absorbent, is admirably adapted for Railway Stations, Union Workhouses, Barracks, Schools, Prisons, &c. one coat will cover 25 square yards. It will keep good for years, and MAY BE EXPORTED WITH PERFECT SAFETY.
JOHNS and CO.'S STUCCO CEMENT.—This cement, from the great reduction in price, and its suitableness for internal as well as external surfaces, places it above all other materials of its kind; it has no caustic qualities; may be painted or papered in a few days; never blisters, cracks, or vegetates; soon becomes as hard as stone; and may be cleaned with a brush and water.
The merits of the PAINT are well known for its application to stucco work of all kinds, and external work generally. Numerous testimonials, prospectuses, and every information, may be obtained, on application to the Sole Agent, PHILIP HARE, at the Warehouse, 22, Steel-yard, Upper Thames-street. A liberal allowance to wholesale dealers.

THE PARIAN CEMENT, for INTERNAL STUCCO, which you supplied at Messrs. J. & R. MORLEY'S warehouses and dwelling in Wood-street, Gresham-street, in the City, has been used through-out the premises, in every story; altogether about ten thousand yards superficial, chiefly upon recently built walls, and a small portion upon timber partitions, and that with the most perfect and satisfactory result. I feel it also necessary to observe, that the plasterers' work was almost invariably followed up on the next day by the painters, thereby enabling me to have the buildings complete in the shortest possible time, both for business and for the occupation of the establishment. I am, therefore, of opinion, that the use of this new material is a most valuable feature in building operations, and fully justifies that which I was given to understand, viz., that it was an extraordinary material. I think it right I mention that I am at the present time having a great extent of similar work executed at another range of buildings, where time and the quality of the work are of the utmost importance.
(Signed) JNO. WALLEN, Architect, London.
To Messrs. Chas. Francis and Sons, Manufacturers, Nine Elms.

GREAVES'S BLUE LIAS LIME, LIAS PORTLAND, and IMPROVED ROMAN CEMENTS; also, Warwickshire Sawn FLAGGING-STONE Southam and Stratford-on-Avon, Warwickshire.—Office, Warwick.

AGENTS.

FREEMAN and RICHARDSON, 6, South-wharf, Paddington.	
W. and T. N. Chamblah	Pratt-wharf, Camden-town.
W. and J. Knight	Bank, King-st. Manchester.
Thomas Tate	College-lane, Liverpool.
Jacques Harrison	Lancaster-hall-street, Chester.
J. F. Robinson	6, Bascinghall-street, Leeds.
J. F. Wyvesh	168, Pargate, Sheffield.
Edwd. Cryer	Canal-wharf, Oxford.
Bennett and Son	Worcester-wharf, Birmingham.
T. and W. Lewis	Merchants, Belfast.

N.B.—As the above works join the Stratford and Warwick Canals, the proprietor can deliver by his own boats to any part of the kingdom.

GREY-STONE LIME.—HALL, Brothers, Merstham Lime Works, near Reigate, beg to offer to Builders and others a list of their prices for Cash on delivery.

Grey-Stone Lime	4s. 6d.	per Yard, or 36 Bushels.
White, for Manure	4s. 6d.	ditto ditto
Pitts, Ashes	1s. 6d.	ditto ditto
Blue ditto	2s. 6d.	ditto ditto

In not less than Six Yard quantities, and put on the Railway for all goods stations on the London and Brighton and South-Eastern Railways, or lines connected with them. A fresh supply has from the kilns daily, at the Brickmakers' Arms and Croydon Stations, delivered to all parts.
Prices for Cash on delivery.—7s per yard at the stations or works; 8s per yard delivered within five miles; if not less than 2-yard quantities. Booking, 4s per yard: 1s per yard off, if paid monthly. Outstanding charged for. The quality is warranted to be the Red Kilns, Merstham, near Reigate, Croydon; or Tonbridge, Old Hall.

BELL'S PATENT LIQUID CEMENT.—Ready for use, on the front of houses, only one-eighth the cost of oil paint; for beauty it is pre-eminent, giving the appearance of fine cut stone. In casks of 1, 2, and 3 cwt., at 8s., 15s., 40s. each.
PATENT MINERAL PAINT, invaluable for cheapness, beauty, and permanence. Ready for use. Will stand any climate, and we call it Paint for exportation.
NEW ELASTIC PAINT for DAMP WALLS; an effectual remedy, inside or out. Will dry in a few hours, and may be papered over at once, if desired.—G. BELL and Co., Steam Mills, 3, Wellington-street, Goswell-street.

PATENT WHITE ZINC PAINT.—JOHN WARNER and SONS are prepared to supply this paint to builders, painters, and plumbers, on wholesale terms. It is free from all poisonous qualities; it is unaffected by sea-water, sulphuretted hydrogen, or any of the gases; and preserves its original colour when white lead paint will not.—Prospectuses to be had at J. Warner and Sons', 8, Crescent, Jewin-st., London.

HUBBUCK'S PATENT WHITE ZINC PAINT—ANNOUNCEMENT.
For MARINE USES, it possesses the following advantages:—It is whiter than any other Paint, and retains this whiteness for years unaffected by bilge-water, or noxious vapours from cargo. The White Paint in the hold of a ship, after discharging a sure cargo, is found to be as white as the year before, when newly painted. Under these and other circumstances, where every other paint hitherto known and tried has failed, the "White Zinc Paint" has preserved the fastness of its colour. Moreover, by virtue of its galvanic action on iron, it enters the pores, and forms an amalgam of the two metals, which protects the iron from rust, decay, or incrustation.
For the GENERAL PURPOSES of the decorative painter, the "White Zinc Paint" has been found unparalleled in whiteness, clearness of colour, durability, and beauty of texture. It becomes so hard as to admit of polishing equal to the finest coach panelling.
For SANITARY PURPOSES the "White Zinc Paint" is valuable, not only from its being totally free from every ingredient injurious to health, but from its combining chemical qualities which render it a powerful corrective where contagious diseases have prevailed; furniture or buildings painted with it are at once disinfected. Paralysis and Painters' Chollc are avoided by its use, as well as similar results to the occupants of newly painted rooms. Apartments may be immediately occupied, without injury to the health of children or the most delicate constitution. It becomes cheaper than common paint, from its spreading over a much larger surface. Four of this paint covers as much as is usually covered by 5 cwt. of white lead. Each cask is stamped with the name "Hubbuck—London.—Patent," as the style of the Manufactory. A circular with full particulars may be had of the manufacturers, THOMAS HUBBUCK and SON, Colour Works, opposite the London Dock.

WHITE SUFFOLK and RED FACING BRICKS of Superior Quality. Moulded Bricks to any pattern.
COWLEY and KENT BRICKS; also Yellow and Pale Malm Seconds, Cutters, Paviors, Shippers, &c.
KENTISH RAG STONE of every description, rough or worked direct from the Quarries.
Apply to Mr. BENJAMIN GOUGH, 27, Newington-crescent, Newington-butts.

BRICKS.—In consequence of the low price at which Brickmakers have, for some time past, been purchasing Ashes and Breese, H. DODD is enabled to offer his Bricks, which are of good quality, at the following low prices; and as his fields are only a quarter of an hour's walk from the City, he earnestly requests purchasers will favour him with a visit, in order to inspect his stock and to judge for themselves.

Marie Cutters	20s.	per thousand.
Yellow Seconds	22s. 6d.	"
Pale Seconds	25s.	"
Paviors	42s.	"
Pickings	25s.	"

Marie Place, Half-washed Stocks, and Place Bricks, at equally low prices. These bricks are sound, well burnt, and unexceptionable from defects; a very large proportion of the stocks being suitable for external facing. They will be delivered at the above prices anywhere within two miles of the fields.
Apply to HENRY DODD and Co., at the Counting-house, Shelton Brickfields, Grange-walk, near the Rosemary Branch, Hoxton.
N.B. Red Pit Sand, of approved quality, constantly on sale, and reasonable terms. In the erection of walls, where it is desired that the work should be kept as free from damp as possible, this sand, from its not containing any saline matter, is acknowledged to be preferable to river sand.

ZINC, from the VIEILLE MONTAGNE MINING COMPANY, is the purest known, free from alloy of iron, lead, or sulphur. It is supplied in spelter for the founders, &c., and in sheets for ship sheathing and roofing of all kinds, and rolls of all dimensions. It may be had at the Zinc Agents', who have always a large stock in hand:
London—Messrs. Charles Devaux and Co.; Mr. Charles Jacot Mr. William Skirrow.
Birmingham—Mr. John Barwell.
Liverpool—Messrs. E. Zwilchenbart and Co.
Manchester—Messrs. Rich, Johnson and Brother.
Leeds—Messrs. J. G. and T. Heaps.
Hull—Messrs. Thomas B. Morley and Co.
Newcastle-upon-Tyne—Mr. Benjamin Plummer.
Leith—Messrs. Robert Anderson and Co.
Glasgow—Messrs. A. G. Kidston and Co.
Bristol—Messrs. Morgan, M'Arthur and Co.
Plymouth—Messrs. Lancaster, Pitt, Driscoll, and Co.
Southampton—Mr. W. J. Lefevre.
Peterborough—William F. Stanley.
Ipswich—George Harpham.
Zinc from 2½ to 24 oz. per square foot is generally used for roofings, which come at least one-third cheaper than slate or tin, and the ship sheathing, which lasts from five to six years, one-fourth cheaper than copper or yellow metal. And if the nails sometimes are made of the Vieille Montagne Zinc, and under the superintendence of Mr. FREDERICK BROWN, the surveyor of the Company (for which no charge whatever is made), a guarantee will be given of its durability.—For further particulars and prices apply to Mr. H. F. SCHNOLL, General Agent for England, at the Company's Offices, No. 12, Manchester-buildings, Westminster-bridge, London.
